

HARDENHUIISH SCHOOL

TRADE UNION FACILITY TIME

There is one member of the teaching staff and one member of the support staff who were relevant union officials during the period 1st September 2017 to 31st August 2018, as well as a union support staff contact person. The Academy Trust also financially contributes to the facilities time costs of regional trade union officials.

The two union officials at the school are both full time employees and both spent approximately 3.5% of their time on trade union duties which amounts to a total of approximately 160 hours per annum at a cost of approximately £3,500. Additionally the school contributes approximately £1,000 per annum towards the cost of regional trade union facilities time, giving a total spend of approximately £4,500, which equates to 0.017% of payroll costs.
