

Dear Prospective Physic Students,

Thank you for all of those who have sent me your Phase 1 Feedback sheet.

For Phase 3 I would like you to complete the following:

1. Self assess your phase 2 booklet questions using the solutions provided and complete the form on the front of your booklet. Please highlight any areas that you feel require extra work. Please send me your cover sheet when complete.
2. Complete the PDF What a load of old unit. You will need to bring this with when you attend your Year 12 induction day in September and this will be marked by your teacher.

Look forward to hearing from you all soon,

Take Care,

Mrs Murphy
