

A level Politics Induction Work Overview

Welcome!

- Hello and welcome to A level Politics! This is the topic for all those would be MPs, Prime Ministers or those interested in the way the world works. We will take you through the way our country's democracy works and then into next year, we begin to have a look at global issues such as poverty, war, human rights and creating a global community. To ensure you are prepared for this fascinating look at the world we live in we have prepared some tasks to give you a taste of what is to come

What work is being set?

- In this third phase, you have been set the following work:
 - You can choose to create a OneNote document to house all of your work, which you can share with your teachers and then continue to add to when we start the course or you can compile your work on Word. If you do it on Word then please upload your work onto the new Teams subject site (you'll be sent a link to join this), where you can upload work onto the CLASS NOTEBOOK tab under your name.
1. Complete the source questions, which involve, reading, defining, highlighting, creating a table and forming an argument
 2. Describe democracy and participation using the source to help
 3. Answer the questions on turnout
 4. Research and prepare a discussion for the first week back on a hot topic
 5. Complete the two overview quizzes online - but remember that you will only get one shot to answer them

How long should I spend on this work?

- It is expected that you spend five hours on this first phase of work.

Who should I send this work to and / or who should I contact with any questions?

- Mr Arkinstall – PDA@hardenhuish.wilts.sch.uk
- Mrs Simson – pjs@hardenhuish.wilts.sch.uk
- Mr Woollin – JMW@hardenhuish.wilts.sch.uk

How and when to submit work?

- Collate all the work into one place for each phase (ideally OneNote) but this could also be Word. Ensure you have subheadings which show which piece of work is which.

E.g. Source questions, democracy and participation, turnout, hot topic
- After the first task respond to a Microsoft Form, please submit work to your teachers by the Phase 3 deadline – Thursday 2nd September
