

Project 2 Planning Form- please complete this and hand it in on the induction day if you have chosen the project:

‘How would you advise a couple that are carriers of a genetic disease?’

Name: _____

School that you attended in Year 11: _____

Which genetic condition/conditions are you planning to advise about?

What information have you found out about this condition so far?

What sources of information have you found?

Do you have any questions that you need help with for you to complete this project?

Do you have any concerns that may prevent you from completing this project by the first lesson in September?
