

A Level Art, Craft & Design

Welcome to A Level Art Craft and Design!

This is the next step in developing your artistic identity by exploring a huge range of contexts, materials and techniques. A Level Art Craft and Design is incredibly rewarding, exciting and creative and we are so looking forward to starting this journey with you.

Mrs. J Prince & Mrs R Portlock

Task One

Gallery Visit

Over the summer you need to visit an Art exhibition of your choice. Consider your interests carefully – is there an artist or art movement you particularly like? When you visit – take photos and make notes. Which are your favourite pieces and why? Consider the formal elements of Art and the impact these have on your choices.

Create an A3 Visual Gallery Report – present your photos, research and opinion in a creative way.

Task Two

Find a clean jam jar.

Over the summer you need to fill your glass jar with a variety of small objects. These might be relating to a certain colour, shape or just completely random! You may have several of the same item, but there needs to be variety in your jar once full. Nothing valuable or with the potential to go mouldy!!

Bring with you on you first lesson!

If you have any queries regarding the task set please contact Mrs. J Prince
